SECTION I GENERAL INFORMATION

1.1 PURPOSE

The Multi-State Lottery Association (MUSL) is an association of governmental lotteries formed to provide certain services to lotteries, including conducting various lottery game drawings. The purpose of this Request for Proposal (RFP) is to identify and select a provider that will evaluate, test and certify five (5) new SmartPlay Origin® Digital Draw Machines. MUSL will employ a two-step certification process: 1) Randomness testing and certification; 2) Software review and certification. This RFP is issued for the second step of the two-step process.

Services will include pre-production testing and assurance / certification that the DDS is fit for the purpose intended.

The RFP should include costs for annual re-certifications for each of the next five years and for certification for software changes as required by game matrix changes. Costs should be listed separately for each category (initial, annual re-certification (at the request of MUSL) and certification for game changes).

Specifically, the DDS will need to be tested, and certified that it is fit for its intended purpose. Services shall include testing that meet regulated gaming industry-accepted software certifications. The selected Vendor will provide a warranty that the DDS is fit for its intended purpose.

Obligations under this contract will commence in April/May 2019. It is anticipated that the new DDS will be put into production by no later than July 1, 2019, so all initial services must be performed by June, 2019.

A multi-year master agreement of up to ten (10) years may be established.

Proposals shall be based solely on the material contained in the RFP or in subsequent modifications to the RFP and corresponding responses. Vendors are to disregard any draft material they may have received, any newspaper articles they may have read, and any other verbal or written representations from any source.

Issuance of the RFP is not a commitment to select any Vendor, and is not a commitment to enter into an Agreement for this endeavor.

Each of the parties hereto shall include Affiliates of the parties as defined herein.

Purpose. Smartplay and Company wish to explore a possible business relationship pursuant to which each party may disclose its Confidential Information (as defined herein) to the other party. This Agreement is intended to bind Recipient (as defined herein) and prevent it from disclosing the Confidential Information of the Disclosing Party (as defined herein) or from using the Confidential Information for purposes other than evaluation of the business relationship and/or engaging in such relationship as described in Section 2(e). In consideration of the Disclosing Party's disclosure of such Confidential Information and in recognition of the confidential and proprietary nature thereof, the Recipient agrees to treat such Confidential Information in the manner provided by this Agreement, and the parties hereby agree as set forth below.

Definitions. For purposes of this Agreement, the terms set forth below shall have the meanings specified in this Section 2:

The term **"Affiliate (or Affiliates)"** shall mean with respect to any party (a) any corporate entity for which that party holds at least one seat on the board, (b) any partnership or joint venture where that party is a general partner, or (c) any other entity that is controlling, controlled by or under common control with such party.
